PRISONER MAKES COOL GETAWAY

(By Associated Press)
HELFEST, Ireland, April 2.—An important prisoner named Beglan walked out of the military barracks here the other day without interference from his guards, whom he bade a pleasant "good day."
Beglan had been "on the run" and was regarded as a prize capture. Taking advantage of the presence of a number of visitors at the prison, he is reported to have shaved off his mustache, donned false side whiskers, supposedly smuggled in to him, and joined the visitors as they departed.
On his way out Beglan thanked the sergeant of the guard for prolonging his visit.

ASSESSMENT NOTICE

Ben Hur Divide Mining Company

Location of principal place of business, Tonopah, Nye County, Nevada. Location of property, Klondike Mining District, Esmeralda County, Nevada.

Notice is hereby given that at a meeting of the Board of Directors of Ben Hur Divide Mining Company, held on the 1st day of April, 1921, an assessment of \$1.00 per share was levied upon the capital stock of the corporation payable immediately in lawful money of the United States to the Secretary-Treasurer at the office of the company in Tonopah, Nevada.

Any stock upon which this assessment shall remain unpaid on the 30th day of May, 1921, will be delinquent and advertised for sale at public auction, and unless payment is made before, will be sold on Saturday, the 31st day of June, 1921, to pay the delinquent assessment, together with costs of advertising and expenses of sale.

By order of the Board of Directors, (Signed) J. J. KELLY, Secretary-Treasurer. Tonopah, Nev. April 2-1921

AMUSEMENTS

GREAT RACING DRAMA AT THE BUTLER TODAY

With the actual scenes of a jockey killed in a fall when his horse tumbled during a race, which is being run "according to instructions" from the bucket shop operators, the screen version of "The Sport of Kings," the story of the racing profession which made Arthur Somers Roche famous as an author, will be the attraction at the Butler today.

Bucket shop operations are revealed in all their perfidy, exposing the methods by which they collect annually hundreds of thousands of dollars from the small bettors, the connections the operators have at the tracks, their ways of "fixing" races or horses which they feature as specials, are set forth in detail in the development of the story, which takes its characters through a series of sensational happenings.

A burning liner in mid-ocean—the escape of a race horse by leaping from a 40-foot deck—the great fight against the giant bucket shop pool is but part of the action through which they go. Added to the feature, a two-reel comedy with Spunkie and a wonderful cast of kiddies and animals entitled "The One Best Pet."

Monday, Mary Pickford in "Suds." Merchants' lunch at the Mizpah Grill, 5:00. J3-11.

WEEKLY REPORT OF SPANISH BELT

Report of the progress of the work done by the Consolidated Spanish Belt Silver Mining company for the week ending March 31:

San Pedro—The east drift was advanced 13 feet, making the total length now 48 feet along the new ore shoot. An average sample assayed \$77 in gold and silver. The formation is harder and an air line is now being put in these workings so that machines can be used.

In the lower level some bad sets were replaced.

Mill Construction—Work has been resumed at the mill site and the pouring of concrete will start within a few days.

The Bonanza—"First in Everything"

SPENDS 1000 DAYS PRAYING

(By Associated Press)
OSAKA, Japan, April 2.—Rev. Kojun Yoshida, dean of an Osaka Buddhist temple, has returned here after spending 1000 days on an islet in Lake Biwa in meditation and prayer.

The Bonanza—"First in Everything"

ANNOUNCEMENT CALIFORNIA PETROLEUM AND REFINING COMPANY OF COLUSA COUNTY, CALIFORNIA

THE OIL INDUSTRY, this company owns a perpetual lease upon 720 acres, right in the heart of the new oil district in Colusa County California and is now prepared to take subscriptions for treasury stock. The directors of this company a short time ago, authorized the sale of 100,000 shares of the Treasury stock at 25c per share, but since that time the company has practically made arrangements with the California Corporation Commission to sell its stock in that state, and when those arrangements have been completed the company will open an office either in San Francisco or Los Angeles and the price of the stock will be raised to 50c per share.

STATEMENT OF MR. T. J. MEDDOCK THE CALIFORNIA PETROLEUM AND REFINING COMPANY Gentlemen:

I take pleasure in sending you a brief statement upon your oil holdings of Colusa Co. California.

First of all, you are centrally located in what is almost certain to be in the near future one of the great oil producing districts of California. Next in

line is that most wonderful structure commonly called a "dome" or sign post for geologists. Undoubtedly this dome was forced up by great pressure, for it seemingly has no connection whatever with a glacier slide, considering the distance it lies from the nearest mountains, which is a low range, and practically only foothills.

The quality of the oil produced in that section is almost without an equal, and according to a cross section map made by the Tuscan Oil Company which is operating in that district, which I have examined thoroughly, and no doubt that company has proven to be correct, by the drillings of their well. I find that the formation and all surface indications are most excellent. After a further and more thorough examination which I will make very soon I will forward to you a full detailed report, and the possibility of your property.

Respectfully (Signed) T. J. MEDDOCK, Licensed and Authorized Engineer of the State of California.

TO THE PUBLIC

After studying the outlines of this wonderful structure in the picture herewith presented and considering its significance in the oil world you should not fail to grasp the opportunity now available, visit our office now open, and see samples of oil produced in that district. The highest grade lubricating oil yet discovered, and brings the highest price paid for a crude product, also specimens of the formation, an oil shale with all sorts of fossils and shells cemented together. Although the district is quite new there are many drills now at work and many more will be working soon.
